GEOGRAPHICAL ORIGIN

Communes de Villegouge et St Genès de F.

SOIL

Parcels with excellent exposure, located near the Estuary and the Dordogne River, which acts as a natural regulator, softening temperature variations between day and night.

The deep sandy soils, with their excellent drainage and airy structure, provide ideal conditions for white wine production. Their low water retention helps regulate vine vigour, promoting a gradual and even ripening of the grapes. This balance preserves a lovely freshness while enhancing an intense aromatic expression, marked by ripe fruit and citrus notes. The harmony between acidity and roundness gives the wines a generous and elegant palate, highlighting the finesse imparted by this unique terroir.

VITICULTURE

Sustainable pruning, bud pruning, leaf thinning, green harvesting, and picking the grapes at peak ripeness early in the morning to preserve their intrinsic fruitiness and ensure that the wines achieve their full aromatic potential.

YIELD

50 hl/ha

FERMENTATION AND AGEING

The overripe grapes were harvested during a late-night harvest on September 17th and 18th. After direct pressing in a pneumatic press, fermentation in stainless steel tanks was carried out at 18°C, with a controlled halt to preserve the wine's optimal balance, resulting in 25 g/L of residual sugar.

TASTING NOTES

An ultra-pale yellow hue with pastel reflections—a rare shade for this type of wine, reflecting its finesse. The nose is intense and complex, opening with refined aromas of Granny Smith apple, intertwined with exotic nuances.

On the palate, the balance between sweetness and crisp freshness is striking. A light, silky attack gives way to flavours of white-fleshed fruits such as pear and peach, complemented by a subtle hint of hazelnut that adds depth and complexity. The finish is beautifully long, extending the tasting experience with a delicately tangy and indulgent persistence. A harmonious wine that masterfully combines finesse and balance between sweetness and vibrancy.

FOOD & WINE PAIRINGS

Semi-cooked foie gras with apple compote, sea bass ceviche with citrus, farm-roasted poultry with honey and delicate spices, apple dessert, pear and vanilla entremets...
